SCHOOL

EVERY STUDENT MATTERS, EVERY MOMENT COUNTS

September 4, 2018

Free

Immunizations

The Chicago CareVan, a mobile immunization clinic, will be at the CPS Network Back to School Bashes!*

Locations & Student Health Requirements can be found at cps.edu/b2s.

The clinic provides *no out of pocket cost* services to all children from 0-18 years of age, including all immunizations that are recommended by the CDC (with the exception of the chickenpox vaccine).

Parents need to be present & bring student shot records.

*The Chicago CareVan will not be at the Network 6 B2S Bash; however, the Crane HS Student Based Health Center will be open to provide student services.
